

# KARAN

## FULL-STACK WEB DEVELOPER | MERN STACK

New Delhi, India • +91 9266514755 • karankuma992005@gmail.com • LinkedIn • Portfolio

### PROFESSIONAL SUMMARY

Full-Stack Web Developer skilled in React.js, Node.js, Express.js, and MongoDB. Demonstrated expertise in architecting RESTful APIs, developing responsive user interfaces, and implementing efficient database schemas. Passionate about writing clean, maintainable code and solving complex software development challenges in modern web environments.

### TECHNICAL SKILLS

**Languages & Core:** JavaScript (ES6+), HTML5, CSS3  
**Frontend Development:** React.js, Bootstrap, Tailwind CSS, Responsive Web Design  
**Backend Development:** Node.js, Express.js, RESTful APIs, Middleware Architecture  
**Database Management:** MongoDB, Mongoose  
**Tools & Platforms:** Git, GitHub, Postman, Vercel

### WORK EXPERIENCE

**Web Development Intern | Intrax Technologies** March 2026

- Completed hands-on software development training focused on full-stack web application development and API integration.
- Engineered modular frontend interfaces and ensured cross-browser compatibility across multiple viewports.
- Utilized Git and GitHub for version control, code review procedures, and effective project collaboration.

### KEY PROJECTS

**Task Manager Application** Aug 2026 – Sep 2026

*Technologies: Node.js, Express.js, MongoDB, Mongoose, Postman, REST API*

- Architected a robust RESTful API backend enabling complete CRUD operations for real-time task management.
- Designed flexible database schemas using Mongoose ODM to ensure data validation and efficient document persistence in MongoDB.
- Validated end-to-end API route logic and HTTP response headers using Postman to maintain peak application stability.

**React Notes Application** Aug 2026

*Technologies: React.js, JavaScript (ES6+), CSS3, Bootstrap, Browser Storage*

- Developed a single-page web application (SPA) featuring dynamic note creation, editing, and real-time categorization.
- Leveraged React Hooks (useState, useEffect) for effective local state management and seamless data persistence via localStorage.
- Implemented client-side search and filtering functionality, improving note retrieval efficiency for users.

### EDUCATION

**Bachelor of Computer Applications (BCA) – Don Bosco Institute of Technology (GGSIPU)** Aug 2024 – Aug 2027 (Expected)

- Relevant Coursework: Web Development, Database Management Systems (DBMS), Operating Systems, Computer Networks, Software Engineering.
- Key Achievements: Actively building full-stack MERN applications alongside academic curriculum with a primary focus on core web technologies and API integration.

### CERTIFICATIONS & ACHIEVEMENTS

- Smart India Hackathon (SIH) 2025:** Contributed as a core developer in designing and prototyping an innovative technology solution under competitive hackathon timelines.
- Web Development Internship Certification:** Verified completion certificate issued by Intrax Technologies.
